## WHO WE ARE

The National Collaborative Outreach Programme (NCOP) aims to support young people to make well-informed decisions about their future education and to reduce the gap in higher education participation between the most and least represented groups. It started in January 2017 and is funded by the Office for Students (OfS). The NCOP brings together 29 partnerships of universities, colleges, schools and other local agencies to deliver sustained and progressive programmes of higher education outreach to young people aged 13 and above. Work is particularly focused on geographical areas in England where participation in higher education is low overall and lower than expected given local GCSE results.

The partnership operating in North Yorkshire is NCOP York & North Yorkshire, known locally as FutureHY. Partners include: University Centre Askham Bryan, Craven College, CU Scarborough, Harrogate College, Scarborough TEC, Selby College, York College, University of York and York St John University, as well as York City Council, North Yorkshire County Council, LEP/Careers Enterprise Company (CEC), National Citizen Service (NCS), North Yorkshire Coast Opportunity Area, NYBEP and York Cares.
